EDUCATION

Dr. A.P.J. Abdul Kalam Technical University, India Aug 2025 - Jun 2027 (Expected)
Master of Computer Applications

Maa Shakumbhari University, India Aug 2022 - Jun 2025
Bachelor of Computer Applications CGPA: 6.18/10

PROJECTS

Personal Developer Portfolio GitHub | Live Demo
React.js, Tailwind CSS, React Hook Form, Web3Forms

- **Engineered** a modern, fully responsive developer portfolio using **React.js** and **Tailwind CSS**, optimizing page load speed and user interface layout across mobile, tablet, and desktop devices.
- Integrated **React Hook Form** with custom validation rules and asynchronous async/await handling for client-side input management and error prevention.
- Configured serverless contact form automation using **Web3Forms API** for real-time direct email notifications without requiring dedicated backend infrastructure.

Interactive E-Learning & Quiz Platform GitHub | Live Demo
Java, Spring Boot, React.js, MySQL, REST APIs

- Developed a full-stack educational web portal enabling students to take dynamic programming quizzes, track learning metrics, and review core computing concepts.
- Built scalable RESTful backend APIs using **Spring Boot** and managed relational data storage and queries using **MySQL.**
- Designed an interactive frontend dashboard with **React.js** and **CSS3**, featuring real-time score calculation and structured course categorization.

Online Book Store Platform GitHub
Java, JSP, JavaScript, HTML5, CSS3, Oracle (SQL)

- Developed an academic web platform enabling user authentication, book catalog browsing, and structured online ordering workflows.
- Implemented digital file handling allowing users to access and download PDF study materials directly from the portal.
- Built server-side request routing and dynamic content rendering using **JavaServer Pages (JSP)** connected with a relational database backend.

Real-Time Chatting Application GitHub
Java, Java Swing, Socket Programming, AWT

- Engineered a desktop peer-to-peer messaging application using **Java Sockets (ServerSocket and Socket)** to enable bi-directional, low-latency communication over TCP/IP.
- Designed a custom desktop user interface using **Java Swing** and **AWT**, featuring real-time chat history rendering and dynamic panel updates.
- Integrated **DataInputStream** and **DataOutputStream** for message transmission along with automated live timestamp formatting.

ACHIEVEMENTS

1st Place, Regional Coding Competition	Achieved 1st rank among 100+ participants in algorithmic problem-solving and logic-building challenge.	2024
3rd Place, College Coding Competition	Secured 3rd rank in annual coding contest by solving complex Data Structures and Algorithms problems under strict time constraints.	2023
Problem Solving & Algorithms	Solved **100+ Data Structures & Algorithms (DSA)** problems across platforms like **LeetCode** and **GeeksforGeeks**, focusing on core logic, time complexity, and spatial optimization.	

SKILLS

- **Programming Languages:** Java, JavaScript(ES6+), Python, C, C++
- **Frontend Technologies:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend Technologies:** Spring Boot, Node.js, Express.js, REST APIs
- **Databases:** MySQL, MongoDB
- **Cloud & Deployment:** Vercel, Render, Railway, Git/GitHub
- **Developer Tools & Workflow:** Postman, Figma, Adobe Photoshop, Environment Variables Management
- **Core CS Fundamentals:** Data Structures & Algorithms (DSA), OOPs, DBMS, OS

PROFESSIONAL EXPERIENCE

Computer Instructor at Academy of Career Education (ACE), Muzaffarnagar, UP July 2025 – Present (Evening)
- Taught web development (HTML, CSS, JS), programming (Java, Python), and software tools.
- Guided students in building projects like websites and apps.

Computer Instructor at Knowledge Zone Computer Center, Muzaffarnagar, UP June 2022 – June 2025
- Taught coding fundamentals, web design, and software like Photoshop, CorelDRAW.

Lecturer at Nawab Azmat Ali Khan Girls' Degree College, Muzaffarnagar, UP August 2026 – Present
- Taught Data Structures & Algorithms (DSA) and programming languages to BA/BSc (CS) students.
- Conducted practical sessions and coding workshops.
