Mohd Zaid

Java Full Stack Developer
itszaidsidd@gmail.com | +91-8126648616 | Muzaffarnagar, India
GitHub: github.com/itszaidsidd | LinkedIn: linkedin.com/in/itszaidsidd | Portfolio: itszaidsidd.vercel.app

Professional Summary

MCA candidate with a background in computer science education and hands-on experience building web applications using Java, Spring Boot, React.js, and MySQL. Familiar with REST APIs, frontend development, SQL databases, and Java-based application development. Experienced in teaching programming and Data Structures and Algorithms, with a first-place finish in a regional coding competition. Seeking an entry-level Java Developer or Java Full Stack Developer opportunity to contribute to software development projects and grow as a developer.

Skills

- **Programming Languages:** Java, JavaScript(ES6+), Python, C, C++
- **Frontend Technologies:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend Technologies:** Spring Boot, Node.js, Express.js, REST APIs
- **Databases:** MySQL, Oracle SQL, MongoDB
- **Cloud & Deployment:** Vercel, Render, Railway
- **Tools:** Git, GitHub, Postman, Figma, Adobe Photoshop, Environment Variables Management
- **Core CS Fundamentals:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, Operating Systems

Projects

Interactive E-Learning Platform GitHub | Live Demo
Java, Spring Boot, React.js, MySQL, REST APIs

- Developed a full-stack e-learning web application to provide users with an online platform for accessing educational content.
- Built backend REST APIs using Spring Boot and managed application data using MySQL.
- Designed a responsive user interface using React.js and CSS3 for easy navigation and access to educational content.

Personal Developer Portfolio GitHub | Live Demo
React.js, Tailwind CSS, React Hook Form, Web3Forms

- Built a responsive developer portfolio for mobile, tablet, and desktop screens.
- Implemented form validation and asynchronous form handling using React Hook Form and async/await.
- Integrated the Web3Forms API for contact form submissions and email notifications.

Online Book Store Platform GitHub
Java, JSP, JavaScript, HTML5, CSS3, Oracle (SQL)

- Developed a web application with user authentication, book catalog browsing, and online ordering workflows.
- Implemented access to downloadable PDF study materials.
- Used JavaServer Pages (JSP) to render dynamic content and connect application workflows with a relational database.

Real-Time Chatting Application GitHub
Java, Java Swing, Socket Programming, AWT

- Developed a desktop messaging application using Java Socket and ServerSocket for TCP/IP communication.
- Created a graphical interface using Java Swing and AWT to display chat messages and update the interface.
- Used DataInputStream and DataOutputStream for message transmission and implemented message timestamps.

Professional Experience

Lecturer | Nawab Azmat Ali Khan Girls' Degree College, Muzaffarnagar, UP Aug 2026 - Present

- Teach Data Structures and Algorithms and programming languages to BA/BSc Computer Science students.
- Conduct practical sessions and coding workshops.

Computer Instructor | Academy of Career Education (ACE), Muzaffarnagar, UP Jul 2025 - Present (Evening)

- Teach HTML, CSS, JavaScript, Java, Python, and relevant software tools.
- Guide students in developing websites and application projects

Computer Instructor | Knowledge Zone Computer Center, Muzaffarnagar, UP Jun 2022 - Jun 2025

- Taught coding fundamentals, web design, and computer applications.
- Provided instruction in tools including Adobe Photoshop and CorelDRAW.

Education

Master of Computer Applications Aug 2025 - Jun 2027 (Expected)
Dr. A.P.J. Abdul Kalam Technical University, India

Bachelor of Computer Applications Aug 2022 - Jun 2025
Maa Shakumbhari University, India CGPA: 6.18/10

Achievements

- **1st Place – Regional Coding Competition (2024):** Ranked first among 100+ participants in algorithmic problem-solving and logic-building challenges.
- **3rd Place – College Coding Competition (2023):** Recognized for performance in Data Structures and Algorithms problem-solving.
- **Problem-Solving Practice:** Solved 100+ problems on LeetCode and GeeksforGeeks, focusing on logic building, time complexity, and space optimization.
